

# My Jewellery Garden ~ Ring Size Chart

## CHOOSING THE RIGHT RING SIZE

If you are unsure about your ring size, you can measure the inside diameter of any ring ~ use the chart below to establish the correct size for the finger that you wear that ring.

Choose a ring that fits the finger that you would like to know the size of; and a ruler to use with the chart. Be sure to choose a ring you're comfortable wearing even when the weather is hot as our fingers can swell slightly when the weather is warm.

## INSIDE DIAMETER (MM)

Using the ruler, measure the inside diameter of your chosen ring and use the chart below to determine the correct ring size.

I recommend you measure twice for accuracy.
